Popular and Prominent Young Raleigh Man Dies in Virginia

Friends and Acquaintances Deeply Distressed by News of Mr. J. K. Marshall's Death.

(Special to The Times-Dispatch.)

RALEIGH, N. C., August 22.—The people of Raleigh were deeply grieved and shocked this morning by the news of the death of Mr. Joseph K. Marshall, one of the most popular and widely known young business men at the State capital. The end came at Red Sulphur Springs, Va., where he has been with his family, Mrs. Marshall and little daughter, the past four weeks in hope of regaining his health, which had been failing rapidly for some time.

The death occurred at 5 o'clock, and the sad news was received here a short time thereafter through a telegram to Mr. Marshall's business partner and close personal friend, Mr. Will West. The shock here was all the greater for the reason that the local papers only yesterday, and indeed, this morning, reported Mr. Marshall improving to that extent that he was able to sit up. He had been suffering for several years from tuberculosis, and had sojourned in all the sections of the country, by reason of altitude and other atmospheric conditions, are famed for healing this dread disease.

Mr. Marshall was thirty-three years old, a son of Rev. M. Marshall, D. D., rector of Christ Episcopal Church, D. C., and survived by his father, his wife, who was Miss Norris, daughter of Mr. and Mrs. M. Norris, of Raleigh; by one little daughter, and by three sisters—Mrs. Duncan Cameron, who is with her husband in missionary work in Japan; Mrs. J. Sumner Butt, of Portsmouth, Va., and Miss Susan Marshall, of Raleigh. Mrs. Butt and Miss Susan were with the family at Red Sulphur Springs when death came.

The remains will be brought to Raleigh to-morrow, and the funeral announcement will be made later. The interment will be in the family plot in Oakwood Cemetery.

MR. J. K. MARSHALL, prominent and very popular young business man of Raleigh, N. C., who died at Red Sulphur Springs, Va., yesterday morning.

DARING ROBBERY IN PHILADELPHIA

Paymaster With \$6,000 Package Is Held Up, Shot and Robbed.

PHILADELPHIA, Pa., August 22.—William H. Hicks, paymaster for the Schuylkill & Ulster Company, textile machinists, of this city, was held up and robbed of \$6,000 within a short distance of the machine shops yesterday by two highwaymen, one of whom shot him in the right arm. Hicks, accompanied by Walter P. McDonald, was on his way to the shop with a satchel containing the money. One of the thieves grabbed the satchel and fired at Hicks. The bullet struck Hicks in the right arm, compelling him to drop his revolver. The shooting attracted a crowd, and hands from several mills in the neighborhood chased Posick, who jumped on a trolley car and commanded the motorist to run the car as fast as he could; but the pursuers pulled the trolley pole from the wire and stopped the car, and the fugitive was caught. Later Anton Molecki was arrested on suspicion of being one of the highwaymen. The stolen satchel was found in a lot. The money was not recovered.

EFFORT MADE TO BLOW UP A TRAIN

CRIPPLE CREEK, COL., August 22.—An attempt was made about noon today to blow up the incoming Short Line passenger train with dynamite at St. Peter's Dome, midway between Cripple Creek and Colorado Springs. Every window in the last car was broken, and M. J. McCarthy, of Victor, deputy State mine inspector, had his hand cut. A similar attempt was made to blow up the same train at Duffield yesterday. The dynamites escaped.

GLENN'S ATTITUDE TOWARD SOUTHERN

Threatens to Advocate Vitiating of Lease of North Carolina Road if Litigation Continues.

PROPOSITIONS TO THOM

Gives Out Plan of Procedure He Outlined to General Counsel of Southern.

(Special to The Times-Dispatch.)

RALEIGH, N. C., August 22.—Governor Glenn was in the executive office to-day after his sojourn at the Jamestown Exposition for North Carolina week and the trip to New York to look after the interests of the State in the hearing there before Standing Master W. A. Montgomery in the suit by the Southern against the North Carolina Corporation Commission to test the constitutionality of the 2-1-4-cent passenger rate act, having returned by the train from Duplin county, where he delivered an address yesterday for the Masons.

Speaking of his trip to New York, the Governor expresses himself as well pleased with the progress made and the showing for the State in the "hanging of the facts." The Governor says, too, that no matter what the result may be as to the application of the rate to railroads generally, under the terms of the lease of the North Carolina road to the Southern it must be observed on the North Carolina road. He threatens, too, to advocate the vitiating of the lease the State has given the Southern on the North Carolina road if the company continue to keep a monkey wrench being used, the Governor says he explained his attitude in this matter clearly to General Counsel Thom, of the Southern, in the conference he had with that official in New York.

Governor's Propositions.

Speaking of this conference, the Governor says: "I submitted two propositions to Mr. Thom. One was to avoid unnecessary costs by first taking up the legal propositions involved, and let the Supreme Court of the United States pass on these so there can be light under which to act in further litigation."

"2. Stop the Southern's suit and test the rate fairly, and if found too low, appeal to the fairness of the people of the State to grant relief."

Concerning the possibility of vitiating the lease of the North Carolina road, the Governor said: "If the suit continues, no matter what the result, under the terms of the North Carolina road to the Southern the 2-1-4-cent rate must apply on that road. And if the Southern continues to harass the State with litigation or causes others to do so, it may vitiate the lease entirely."

The Governor says reports of interviews with him in New York misrepresented him in saying he favored a 2-1-4-cent rate during the Legislature, but was now convinced that the companies can stand a 2-1-4-cent rate.

The Governor is delighted with the Jamestown Exposition here, who skiped six months ago, charged with, taking \$1,250 of the company's money, was captured in Idaho yesterday by detectives employed by the company in which he was bonded. He will be brought back to North Carolina for trial. Leonard was considered one of the best and most trustworthy agents in the employ of the Southern's service.

SALESMAN'S SEVERE BEATING

(Special to The Times-Dispatch.)

ASHESVILLE, N. C., August 22.—J. O. Wallace, a blacksmith of this city, was badly beaten up early this afternoon by Wiley P. Black, a local saloonkeeper, a monkey wrench being used, with possibly fatal results. The trouble is said to have occurred over the collection of a debt owed by Black to the blacksmith, and widely different stories are told as to how the trouble started. Black was arrested and cited to appear in the Police Court in the morning.

ARREST YOUNG SOUTHERN TICKET AGENT IN IDAHO.

(Special to The Times-Dispatch.)

SALISBURY, N. C., August 22.—Hugh A. Leonard, formerly ticket agent of the Southern Railway here, who skiped six months ago, charged with, taking \$1,250 of the company's money, was captured in Idaho yesterday by detectives employed by the company in which he was bonded. He will be brought back to North Carolina for trial. Leonard was considered one of the best and most trustworthy agents in the employ of the Southern's service.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

READY TO ADJUST ALL GRIEVANCES

Executive Council Federation of Labor, Headed by Gompers, Now at Exposition.

SEE LABOR'S FINE EXHIBIT

Gompers and Party Lost No Time in Getting to Social Economy Hall.

(Special to The Times-Dispatch.)

JAMESTOWN EXPOSITION GROUNDS, VA., August 22.—Arriving here to-day was the executive council of the American Federation of Labor, headed by Samuel Gompers, president of the federation. The council arrived from Washington, where it has been meeting.

The council will remain in session here until Saturday to hear grievances of various kinds from labor organizations in different parts of the country. Now here with grievances to be adjusted are T. C. Conkley, of the Central Federated Union, of New York, and John Cummings, of the International Association of Steam Fitters.

The executive council will also complete arrangements for the convention of the American Federation, to be called to order on November 12th. These matters were looked after by the council, Norfolk this morning.

It was seen that the hall for the convention would be in proper shape, hotel accommodations were secured and the necessary printing incident to the convention was provided.

The members of the executive council expressed themselves as being greatly pleased with the Jamestown Exposition. Samuel Gompers pronounced it a memorial to organized labor, the big buildings, the grounds having been built exclusively by union labor. The labor leaders were much impressed with the permanent appearance of many of the buildings.

The exposition exhibit of the American Federation was early visited by the labor leaders after they arrived on the Exposition grounds. The exhibit occupied more than 400 square feet of space in the Social Economy Hall.

John Mitchell, second vice-president of the American Federation, and president of the Federation of Miners, is among those here.

Those here with the executive council are: Secretary, president, James Duncan, Quincy, Mass., first vice-president, representing the granite cutters; James O'Connell, third vice-president, representing the machinists; Max Morris, of Denver, Col., fourth vice-president, representing the retail clerks; Daniel Keefe, of Detroit, Mich., fifth vice-president, representing the printers; and John B. Lennon, of Bloomington, Ill., treasurer, representing the tailors.
